

READY 9889

VISUALIZE YOUR FUTURE

The NEC Ready 9889 is fully loaded with the latest technology and performance enhancements. Your multimedia experience is intensified with dynamic 3D stereo sound and stunning 3D AGP graphics.

NEC makes it easy to surf the Internet and communicate with the virtual community by providing a fast 56K capable modem for high-speed downloads and premium Internet productivity tools including NEC Direct Internet Access featuring a variety of special offers, Quicken® Online Financial Center, NEC Internet Learning Center, NEC Net Media Player Internet Radio, and Planet Oasis.

The software package features the best from Microsoft® and other leading publishers including Microsoft Word®, Microsoft Works, Microsoft Encarta® Encyclopedia, Intuit® Quicken® Basic 98, and MGI PhotoSuite™. You can rest easy knowing your system is equipped with a comprehensive defense mechanism including CyberWarner™ to keep problems from happening in the first place, the NEC Support Center with EZ-Tools™ for quick and easy problem resolution, and a full one-year limited warranty. Upgrading your system is easy with the expandable mini-tower chassis.

The NEC Ready 9889—you'll accomplish more than you ever imagined possible.

Microsoft®
Windows®98

All measurements of capacities, speed, and size are approximate. Data on CD-ROM is read at a variable transfer rate from the innermost track to the outermost track. Actual specifications may vary depending on features and components. When referring to hard drive capacity, MB stands for million bytes and GB stands for billion bytes. Some utilities may indicate varying hard drive capacities. Total user-accessible capacity may vary depending on operating environments. Modem receiving speeds currently limited to 53 Kbps. Capable of sending at up to 28.8 Kbps. Actual speeds may vary. Compatible phone line & Internet service provider required. Fax sends at 9600 bps to standard fax machines. Sends at up to 14.4 Kbps to other computer systems with fax capabilities. NEC Computer System Division reserves the right to change prices and product specifications and to discontinue products without notice. Some software titles included are special manufacturers' version and do not contain the same feature set as the retail version. "Plug and Play" features are available only with "Plug and Play" compatible add-on cards and components.
