NEC

Like most busy professionals today, you probably spend as much time away from your desk as you do

behind it. Unfortunately that puts your e-mail, business applications, contact files and the other essential information

Powerful Computing In The Palm Of Your Hand™

on your desktop PC out of reach. But what

if you could take along all of that information with you?

Imagine how much more productive you could be.

The NEC MobilePro™ 700 H/PC gives you powerful

computing to go. This lightweight handheld computer boasts

versatile capabilities that give you quick, convenient access to

your most important information—from just about anywhere

your life takes you.

AT A GLANCE

- 640 x 240 backlight display
- Large typeable keyboard
- Lightweight at just 1.5 pounds
- Built-in 33.6Kbps modem, microphone, speaker and infrared support
- VGA connectivity to desktop monitors
- 54MHz NEC V₆4102™ processor
- Memory expandable up to 32MB

YOUR PORTABLE PC COMPANION

The MobilePro™ 700 H/PC is the ideal companion for your desktop or notebook computer. Weighing only 1.5 pounds, it slips easily into a briefcase, purse or overnight bag.

But don't let its small size fool you. The MobilePro 700 H/PC sports an easy-to-read display screen and large keyboard for quick data entry.

You also get applications for accessing e-mail, entering expense reports, writing memos, scheduling appointments and performing many other day-to-day tasks. When you return to your desk, quickly synchronize all of the data between your PC and the MobilePro 700 H/PC automatically.

IT'S EASY TO GET STARTED

The MobilePro 700 H/PC runs the easy-to-use Microsoft® Windows® CE 2.0 operating system which has the same look and feel as Windows 95.

This means if you're already familiar with Windows, you'll feel confident using this hand-held computer from NEC right out of the box.

PERSONAL INFORMATION IN AN INSTANT

Trying to schedule a meeting? Forget the date of someone's birthday? Want to jot down your tasks for the week? It's easy with the personal information management (PIM) software included on the MobilePro 700 H/PC.

All changes and additions you enter on the MobilePro 700 H/PC can easily be synchronized with Microsoft Outlook, Microsoft Schedule+ 7.0/Exchange, Lotus Organizer, and other popular desktop PIM applications. PIM functions include:

- Address Book
- Calendar
- Contact Manager
- Calculator
- To-Do-List
- World Clock

Plus you can use the internal microphone and speaker system to capture your quick thoughts or to leave yourself audible reminder messages.

PACKED WITH ESSENTIAL BUSINESS SOFTWARE

The MobilePro 700 H/PC comes loaded with software to boost your productivity. Quickly create and edit notes, memos and reports with Microsoft Pocket Word. Review and update budgets plus manage other data with Microsoft Pocket Excel.

Take along business presentations to meetings and project them onto a desktop monitor with Microsoft Pocket PowerPoint.

You also get bonus software to help you work more efficiently while away from your desk, including:

- Puma™ IntelliSync™ for synchronizing your MobilePro 700 H/PC with PC-based PIM, contact management and group scheduling applications
- Symantec™ PC ANYWHERE for quick, easy access to files, applications and information on a remote PC
- MicroBurst Virtual Courier™ for accessing cc:Mail™ or MS Mail or other LAN-based e-mail system using the built-in modem
- CIC® QuickNotes™ for collecting your handwritten thoughts, ideas, and drawings and then organizing them by date
- SPRYNET™ CompuServe® connection for quick CompuServe access
- bsquare™ bFAX™ and bPRINT™ for powerful faxing, printing, and communications capabilities at your fingertips
- JetForm™ Filler Pro & Filler Central for mobile data collection
- M-Systems TrueFFS™ for transporting data between your MobilePro 700 H/PC and digital cameras, PDAs and other portable devices.

FAST, EASY DATA SYNCHRONIZATION AND TRANSFER

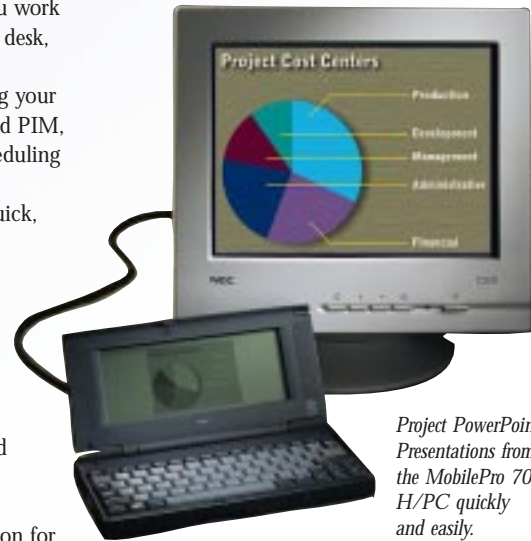

Your PC works in tandem with the MobilePro 700 H/PC making it a snap to manage your important information. Use the PC cable accessory or the MobilePro 700 H/PC's infrared port or modem connection to synchronize with your desktop or notebook computer. Then let Windows CE Services 2.0 with ActiveSync™ do the work.

This software (installed on your PC) provides automatic, "no-hands" replication and synchronization of your appointments, contacts, tasks, e-mail and other essential files. Plus it enables you to drag-and-drop files to move, copy and convert them to and from your PC and the MobilePro 700 H/PC.

STAY CONNECTED TO THE WORLD

The MobilePro 700 H/PC has powerful communications capabilities to keep you in touch with family, friends and business associates.

Using the internal modem and phone jack, you can read and send e-mail quickly and easily. Even surf the Web with the included Microsoft Pocket Internet Explorer software.

Project PowerPoint Presentations from the MobilePro 700 H/PC quickly and easily.

TAKE YOUR SHOW ON THE ROAD

Now you can take along your PowerPoint presentations without lugging your PC. The included Microsoft Pocket PowerPoint software allows you to simply drag-and-drop PowerPoint presentations from your PC to the MobilePro 700 H/PC.

When you're ready to present, connect your MobilePro 700 H/PC to a desktop monitor using the included VGA cable and it's showtime!

DISTINCTIVELY NEC

The quality and dependability you've come to expect from NEC is built into every MobilePro 700 H/PC. Using NEC's own V_R4102™ microprocessor, the MobilePro 700 H/PC delivers strong performance combined with low power consumption.

LONG-LASTING POWER TO GO

The MobilePro 700 H/PC runs approximately 25 hours on two AA batteries. The included AC adapter lets you conserve battery power when working at home or in your office. An optional, rechargeable NiMH battery is also available.

OUTSTANDING SERVICE AND SUPPORT

Should something happen to your MobilePro 700 H/PC, NEC will make sure you're up and running again—fast. Our MobileCare™ service provides free 24-hour technical support plus 72-hour, door-to-door repairs for the first year. You also receive 90 days of free software support.
