UL1610-01G-US	Replaced with UL1610-10G-GL		Upgrade VMware vSphere Standard Edition to vSphere ADV for 1 proc
UL1610-00M-US	Replaced with UL1610-10B-GL		Upgrade VMware vSphere Standard Edition Plus Data Recovery to vSphere ADV for 1 proc
UL1610-00L-US	Limited Availability	09/26/11	Upgrade VMware vSphere Standard Edition to vSphere Standard Edition Plus Data Recovery for 1 proc
UL1610-00N-US	Limited Availability	09/26/11	Upgrade VMware vSphere Standard Edition with VMotion & Storage VMotion to vSphere Enterprise Edition Plus for 1 proc
UL1610-00U-US	Limited Availability	09/26/11	Upgrade VMware Data Recovery add-on to vSphere Enterprise Edition Plus for 1 processor
UL1610-01S-US	Replaced with UL1610-10S-GL		Upgrade VMware vSphere Enterprise Edition to vSphere Enterprise Edition Plus for 1 proc
UL1610-00D-US	Limited Availability	09/26/11	Upgrade VMware vSphere 4 Essentials Bundle to vSphere Essentials Plus Bundle for 3 hosts (Maximum 2 processors per host and 6 cores per processor)
062-UL1610-005-US	Limited Availability	09/26/11	VMware vSphere 4 Standard Edition for 4 processor (Maximum 6 cores per CPU)
062-UL1610-006-US	Limited Availability	09/26/11	VMware vSphere 4 ADV for 4 processor (Maximum 12 cores per CPU)
062-UL1610-007-US	Limited Availability	09/26/11	VMware vSphere 4 Enterprise Edition for 4 processor (Maximum 6 cores per CPU)(for existing VI3 Enterprise Edition Customers)
062-UL1610-008-US	Limited Availability	09/26/11	VMware vSphere 4 Enterprise Edition Plus for 4 processor (Maximum 12 cores per CPU)
062-UL1610-00B-US	Limited Availability	09/26/11	VMware vSphere 4 Standard Edition Plus Data Recovery for 4 processor (Maximum 6 cores per CPU)
062-UL1610-00A-US	Limited Availability	09/26/11	VMware vCenter Server 4 Standard Edition for vSphere (Includes Orchestrator and Linked Mode)
062-UL1610-009-US	Limited Availability	09/26/11	VMware vCenter Server 4 Foundation Edition for vSphere up to 3 hosts
062-UL1610-00X-US	Limited Availability	09/26/11	VMware Enterprise Edition Plus Acceleration Kit for 8 processors (Includes vSphere Enterprise Edition Plus for 8 processors, 1 vCenter Server STD)

SMS-UL1610-005-USS	Limited Availability	09/26/11	1-year support of VMware vSphere 4 Standard Edition for 4 processor (Maximum 6 cores per CPU)
SMS-UL1610-006-USS	Limited Availability	09/26/11	1-year support of VMware vSphere 4 ADV for 4 processor (Maximum 12 cores per CPU)
SMS-UL1610-007-USS	Limited Availability	09/26/11	1-year support of VMware vSphere 4 Enterprise Edition for 4 processor (Maximum 6 cores per CPU) (for existing VI3 Enterprise Edition Customers)
SMS-UL1610-008-USS	Limited Availability	09/26/11	1-year support of VMware vSphere 4 Enterprise Edition Plus for 4 processor (Maximum 12 cores per CPU)
SMS-UL1610-00B-USS	Limited Availability	09/26/11	1-year support of VMware vSphere 4 Standard Edition Plus Data Recovery for 4 processor (Maximum 6 cores per CPU)
SMS-UL1610-00A-USS	Limited Availability	09/26/11	1-year support of VMware vCenter Server 4 Standard Edition for vSphere (Includes Orchestrator and Linked Mode)
SMS-UL1610-009-USS	Limited Availability	09/26/11	1-year support of VMware vCenter Server 4 Foundation Edition for vSphere up to 3 hosts
SMS-UL1610-00X-USS	Limited Availability	09/26/11	1-year support of VMware Enterprise Edition Plus Acceleration Kit for 8 processors (Includes vSphere Enterprise Edition Plus for 8 processors, 1 vCenter Server STD)
